

Wedding Officiant Minister

In today's culture where family is important and our desire to honor our traditions, language is important to take into consideration in the wedding ceremony event. As you plan your ceremony the audience should be considered and an experienced professional Bilingual Minister should be sought and retained for the special ceremony event. We have the ability to communicate in both English and Spanish to involve both language groups during the ceremony vow exchange and blessing.

If you are in the surrounding Houston, Dallas or San Antonio Texas area and are seeking a "high-end" bilingual Minister that is willing to travel to your venue for that special day, you can rest assured that we can serve you in any type of religious or civil ceremony.

In today's life challenges we all need someone to walk with us through our personal or even corporate journey. We are a down to earth team that can assist you in the planning of any ceremony. We can customize your wedding with traditional or contemporary rituals that will make a difference in your unforgettable event.
